1) The Competition
The Cultural Association LOA (Laboratorio Oltre l'Architettura) and the Council of Architects of Naples, are organizing a Design Ideas Competition in Hong Kong SAR of the People’s Republic of China. The competition aims to develop strategies and design proposals to create a sustainable mixed-use district capable to integrate the new development into the existing context. Following the topic of the Word Expo Milano 2015 “Feeding the planet, Energy for Life” the competition will extend the original ideas of Shatin New Town, and ask how a sustainable new town could be planned in the 21st century.

2) Eligibility
In order to improve respective professionalism and increase the possibility of joint projects between the two countries, the competition will be open to mixed groups formed by Italian Architects and Architects and Urban Designers from Hong Kong, even though the Team Leader must necessarily be a Registered Architect in Italy. To participate fill out the appropriate form on the www.na.archiworld.it and publish the project on the archilovers website.
